

**Specific\* access requirements  
for the MASTER in BUSINESS ENGINEERING (120 credits)**  
for holders of a university degree  
of the FWB or Flemish Community

**CONDITIONS:**

- To hold a **first cycle university degree** (a 180 credit-Bachelor's Degree), recognized by the FWB (formerly French Community of Belgium) or by the Flemish Community containing the following 108 credits:

Management and Economics	39 credits
Quantitative Methods, Sciences and Technology	36 credits
Human and Social Sciences (incl. Law)	18 credits
Languages **	15 credits

\*\* An insufficient number of credits in foreign languages may be offset by evidence of passing an English test at level B2 of the CEFR (Common European Framework).

- Proficiency in the teaching languages of the programme.

**REMARKS:**

- Holders of a first cycle degree who have not gained all the prerequisites credits detailed here above, will have to complete their master' study programme by adding the missing credits up to a limit of 60 credits.
- Holders of a degree, who are missing more than the 60 required prerequisites credits, cannot have access to Master 120 in Business Engineering.
- Holders of a second cycle university degree (= master), who are respecting the conditions mentioned here above and who have followed at least 45 course credits, at master's level, equivalent to the courses of the Master [120] in Business Engineering of the Louvain School of Management, [may obtain, in one year, the Master \[120\] in Business Engineering](#)
